**EARNMARKED RESERVES**

The Clerk advised members that during a recent training session with RBS Software she had discussed the matter of the earmarked reserves with them and they had advised that the process to resolve this was purely a paper exercise and as such would not affect the AGAR's for the relevant years. They had advised that the process was a simple one and that they could assist with this and that it would be sensible to undertake this prior to the 2019/20 year end close down.

The Clerk advised the earmarked reserves were a historical figure which had been used to pay for the Judicial Review costs but that had not been transferred across from the Reserves to the general fund prior to spending, and therefore as a result they were still sitting in the earmarked reserves head.

She explained that after her training with RBS they advised that the best practise would be to transfer the earmarked reserves to the general fund for the 2018/2019 and 2017/2018 financial accounts, which was supported by the Councils internal auditor.

**RESOLVED:**
