Classification Schemes

Scheme F Classification Scheme (Non-metric)

Scheme F is an attempt to implement the FHWA's visual classification scheme as an axle-based classification scheme. This is one of several interpretations.

Subject: FW: Parkway SIDS survey

Hello

I understand from Herefordshire Council that the SIDS survey for Parkway has now been completed. They state the results now go to the Parish Council.

For many years the residents of Parkway have tried to get some measures to reduce the speed limit and reduce speeding through the hamlet. Lockdown did reduce traffic but sadly speeding has increased.

I have communicated with the Traffic management team who administer the Speed van that sits in Parkway. Sadly they are not prioritising Parkway as 'historically it has low offences'. This is I suspect because it is generally sited from 10am onwards and as soon as it is sited a call goes out on the Voice of Ledbury!

That fact remains that Parkway is plagued by motorists exceeding 40mph. Pedestrians, including children when schools go back, have to cross the A417 at least twice to walk into Ledbury due to the lack of a continuous footpath. Locals risk their cars and lives every day as they pull out from their properties.

With the introduction of the 20mph within Ledbury, the crossing and wide footpaths for the new estate off the bypass- I appeal to the Parish Council to include Parkway in their initiatives to keep locals safe and introduce speed monitoring measures for us.
