182628	LTC MEETING DATE 13 June 2019 Application for approval of 1 <sup>st</sup> phase reserved matters for the erection of 275 dwellings with appearance, landscaping, layout and scale to be considered only at Land to the South of Leadon Way, Approval of Reserved Matters	CB	That the TC resubmit their previous objections whilst also taking into account the following: i. The developers have not taken local vernacular context into account in a meaningful way in so far as the dwelling designs are of a generic design proposal. ii. The various house-types and designs are distinct for each of the categories (private, intermediate and rented) which does not comply with the design guide with insufficient integration with private ownership properties. iii. there does not appear to be any evidence of Ledbury's rural environment having been taken into account as the boundary edge appears	Approved with conditions	

				to be a hard edge rather than a tapering off of the density. iv. This Council consider that the large "bund" is unnatural in its design and whilst we appreciate it is being used to reduce the view of the Cheese Factory it has a negative impact on the view towards the AONB from the Dymock Road.
