JOHN M. GOLDRICK — STATIONMASTER

STATION BUILDINGS, LEDBURY STATION, LEDBURY, HEREFORDSHIRE HR8 1AR

22nd March 2016

Dear Mrs Mitchell,

In past years Ledbury Town Council has made occasional contributions towards station improvements e.g. the CCTV project and signage and there is another improvement in the offing at the moment for which a grant contribution would also be appreciated.

What I am trying to do is replicate passenger seating on the Hereford platform that matches the two existing benches on the Worcester platform and I can do this for £600 per bench.

So far the local Rail User Group has promised £300 and I am wondering whether Ledbury Town Council would also consider a £300 grant. If I can deliver this in full the total cost will be £1,200.

Yours sincerely,

John Goldrick
