F55. NOLAN PRINCIPLES

F56. PUBLIC PARTICIPATION

Councillor Nick Morris and Mr Tim Keyes were in attendance and wished to speak to Agenda Item 19, in respect of the decision taken at an Extraordinary meeting of Full Council, held on 6 September 2023, that the John Masefield working Party become a stand-alone organisation.

Councillor Morris asked the Finance, Policy & General Purposes Committee to refer the decision taken by Full Council at their meeting on 6 September 2023,

back to the Full Council meeting scheduled for 28 September 2023.

Councillor Morris stated that he did not feel that there had been insufficient information or discussion on this matter at the meeting on 6 September to enable Members to make an informed decision.

Councillor Morris stated that he did not feel that there had been any realisation from those present that this project is important to the prosperity of the town. He advised that the response received from Members of the John Masefield in respect of this decision had been that it was essential for the success of the project that it remain under the umbrella of Ledbury Town Council and to maintain the integrity of the work which had been undertaken so far toward securing funding.

He went on to say that the Working Party had accepted an invitation from a professional fund raiser who believes she can help achieve funding of £200,000 for this project, who feels that this would not be achievable if the working party were not under the umbrella of the Council. As an established organisation the council was better placed to handle this sort of funding application and distribution of those funds accordingly.

Mr Keyes expressed that he found it strange that there did not appear to have been any discussion around the decision, which had been taken at the extraordinary meeting. He advised that there are many parties involved in the John Masefield Memorial project, many of whom are participating from a distance, including the volunteer fundraiser, Dr Jane Mee, who has been building on the excellent work which was done by the project manager to create a funding bid to go to Lottery Funding. In order for this bid to be successful, and to exist in the manner which it was currently being written, it was imperative that the project continued to be under the umbrella of Ledbury Town Council. He also expressed concerns that the project may not be able to move forward without the support of the Council and that the current funding bid would need to be completely reworked and may fail.

- F57. COUNCILLOR HARVEY PROPOSED THAT ITEM 19 BE BROUGHT FORWARD TO BE CONSIDERED WHILST MEMBERS OF THE JOHN MASEFIELD WORKING PARTY WERE PRESENT TO AVOID THEM HAVING TO WAIT UNTIL LATER IN THE MEETING.**

RESOLVED

That item 19 be brought forward to this point within the meeting Agenda.

- F58. TO REVIEW DECISION TAKEN AT EXTRAORDINARY MEETING OF COUNCIL IN RESPECT OF JOHN MASEFIELD MEMORIAL WORKING PARTY**

Councillor Harvey advised that she had requested this item to be on the agenda of this meeting, as she had concerns that the decision taken at Full Council on 6 September had not been a legitimate decision. Councillor Harvey referred to Standing Order 7 "Previous Resolutions" which states:

- a. A resolution shall not be reversed within six months except either by a special motion, which requires written notice by at least 6 councillors to be given to the Proper Officer in accordance with standing order 9, or by a motion moved in pursuance of the recommendation of a committee or a sub-committee.
- b. When a motion moved pursuant to standing order 7(a) has been disposed of no similar motion may be moved for a further six months.

However, Councillor Harvey advised that given the content of the report provided by the Clerk that the decision made at the meeting was incorrectly made and therefore felt that the Finance, Policy & General Purposes Committee need to address that, stating that if the decision was incorrectly made then there is no decision in place.

She advised that this committee needs to consider whether the original decision needs to be re-made or whether they make a recommendation for Council to carefully consider the content of the previous decision and an alternative resolution be suggested taking into account all other issues around this decision, such as resources and support from the Council.

Councillor l'Anson stated that the members should discuss the aspects of the decision and not the realms of the Working Party.

Councillor Harvey questioned whether the decision which had been made was a safe decision or whether it was Ultra Vires.

Councillor Bradford quoted from the report, "This proposal was borne from frustration of Councillors that progress of the project and associated suggestions are hindered because of lack of authority that a Working Party has." He advised that he had read a lot of the information about the Working Party but considered that it appeared there was little progress being made. He had felt that the decision had been taken to help the Working Party rather than for any negative reasons. He stated that he would vote for whatever would move the project forward.

Mr Keyes provided some insight into why it appears that the Working Party had not made much progress, he advised that it would be normal for a project like this to move slowly in the early days whilst the funding application was being put together, as well as the plan for how the project was to be approached.

Councillor Bradford proposed that the Working Party continue but with a structured plan, terms of reference, clear budget, and activity plan.

Councillor Howells suggested that the working party be set up in a similar way to the Neighbourhood Development Plan Working Party which had been structured, whereby they planned and worked as a separate entity unless funding or major decisions were required to be made in which case these were brought to the relevant Committee for final approval. He supported Councillor Bradfords comments that the decision had been made to help the project move forward. He agreed that the Council should review the decision in the light of the information provided within the report and from Mr Keys and Councillor Morris.

Members agreed that the decision which had been made at the Council meeting on 6 September 2023 had been taken with Ultra Vires and therefore did not stand and that this item should be struck from the minutes.

Councillor Harvey expressed her disappointment that the decision had been made on the same day that a Working Party had met to discuss how the council goes about delegating powers to committees to be able to take decisions on expenditure rather than having to be referred to full council. She suggested that the questions to be asked were:

1. What could be done to improve the “fleet of footness” of the Working Party?
2. That the Working Party be asked to provide a delivery plan which gives information on what the things are the Working Party planning to do, and the level of support required to enable it to happen from within the in-house team of officers at the Council, or whether there are other ways to provide that support that doesn't need to be from paid officers, such as individuals with the right skills.

Councillors Howells proposed that the Committee revisit the governance of the JMMWP and submit a further report to Council on how the Working Party should be set up in the future, using the NDP Working Party as a guideline for this, subject to decisions made about governance of all Council Working Parties in the future.

Councillor Bradford accepted that the legal points raised in the meeting in respect of the previous decision as being correct. He proposed that a recommendation be made to set up a new JMMWP and that they be asked to set goals for guidance for this committee.

Councillor Bradford was advised that due to the decision made at the meeting on 6 September 2023 being ultra vires the JMMWP still existed and therefore there was not requirement to set up a new Working Party.

Therefore he amended his proposal to mature the current JMMWP.

Councillor Furlonger suggested that it was important to have autonomy for all the Council's Working Parties and not have different Terms of Reference for each Working Party.

Councillor Harvey proposed that the Working Party looking at Council's Committee Structure and how to improve the decision-making function of this Council, make an early recommendation on how to improve the operation and governance of all Working Parties and that this decision be returned to Full Council as soon as possible. In the meantime, the John Masefield Memorial Working Party continue whilst acknowledging that there are concerns about the effort required to support this Working Party and that it needs to be mindful that sufficient notice is given to enable that support to be sources and provided to the working Party whilst waiting for further recommendations.

Both Councillors Howells and Bradford withdrew their proposals in support of Councillor Harvey's proposal.

Mr Keyes acknowledged that progress had been slow on this project but that the nature of the way that the application process for the fundraising worked was a slow process. He stated that good progress had been made by the project manager toward this project and that this was forming an excellent basis for the funding application.

RESOLVED

- 1. That the Committee Structure Working Party be asked to make an early recommendation regarding how to improve the operation and structure of all Working Parties and return their decision to Full Council as soon as possible.**
 - 2. That noting that the previous decision made at the Extraordinary Full Council meeting was Ultra Vires and therefore does not stand, this record should be struck from the record of the minutes.**
 - 3. That the John Masefield Memorial Working Party continue to exist under the umbrella of Ledbury Town Council until such time as a further decision has been made on the function of Working Parties.**
 - 4. That the Clerk write to the Ledbury & District Civic Society to thank them for their letter in respect of the letter they had submitted and Mr Keyes attendance at the meeting.**
