# C612. TO CONSIDER QUESTIONS/COMMENTS FROM MEMBERS OF THE PUBLIC IN ACCORDANCE WITH THE PROVISIONS OF STANDING ORDERS 3(e) and 3(f)

None received.

# C613. TO RECEIVE MOTIONS PRESENTED BY COUNCILLORS IN ACCORDANCE WITH STANDING ORDER 9

The following motion had been received from Councillor Sinclair and seconded by Councillor Bradford.

'That the decision taken on 1 August 2024 by minute C28 below be reversed and that the Committee Structure (as was) is reinstated, for the next meeting of Council.

That Council suspends the Committee Structure of developed powers; suspend the current pattern of meetings; and move to fortnightly meetings of Full Council. The timings of this change to be decided by Full Council. The exception will be the Resources Committee which will continue to meet as and when needed and with the current membership."

Councillor Sinclair spoke to his motion providing additional information for his proposal. Councillor Bradford seconded the motion.

Councillor Newsham stated that he was in support of the motion, noting that he felt that the current structure was putting a lot of pressure on the Clerk.

Councillor Harvey referenced the decision previously taken to change the committee structure and the background behind the proposed changes to the future committee operation. She advised that there had been considerable work undertaken to draft resourced committee work programmes aligned to stated council priorities, and commented that it had been disappointing that very few Councillors had attended the workshop to review the draft programme for the Finance Committee.

There was general support for getting back to a committee structure, however it was recognised that doing this before all of the work had been undertaken to allow committees to operate with delegated powers would be counterproductive.

Following considerable discussion, it was noted that in accordance with Standing Orders it was not possible to vote on the notice of motion as the six-month period since the original decision had been made would not be reached until after 1 February 2025. Therefore, Councillor Sinclair agreed to amend his Notice of Motion, seconded by Councillor Bradford as follows:

"That the decision taken on 1 August 2024 by minute no. C528 below be referred to the next Full Council meeting for reconsideration".

**RESOLVED**:

That the decision taken on 1 August 2024 by minute no C528 be referred to the next Full Council meeting for reconsideration.

# C614. TO APPROVE INVOICES FOR PAYMENT – JANUARY (FINAL)

**RESOLVED**:

- 1. That the overspend in relation to staff training (230/4050) be monitored and that a virement be considered at year end from Councillor Training 225/4525.
- 2. That the overspend in respect of Agency Cover (102/4001) be monitored, noting that It may be possible to off set some of the overspend against staff salaries at year end.
- 3. That the Accounts Clerk be asked to review the budget line for agency cover to identify any mis-postings, and that any mis-postings be journaled to the correct budget lines.
- 4. That the overspend in respect of fuel (102/4330) be monitored, noting that the grass cutting season for 2024/25 has come to an end and that the van is not being used regularly.
- 5. That budget line office support and equipment (235/4115) be monitored.

<b>MEETING OF COUNCIL</b>

Report prepared by Angela Price – Town Clerk

# 2025/26 DRAFT BUDGET

# Purpose of Report

The purpose of this report is to provide Members with a draft proposed budget for the financial year 2025/26 for consideration and approval.

#### **Detailed Information**

Attached is a copy of the proposed draft 2025/26 which is submitted for review, amendments (if required), and approval by the Council.

The proposed precept figure for the 2025/26 financial year is  $\pounds$ 734,622, which is a total increase from the 2024/25 precept of  $\pounds$ 52,222. This increase equates to an annual increase of  $\pounds$ 9.91 per Band D equivalent property, which is an increase of  $\pounds$ 2.4% ( $\pounds$ 0.83 per month increase).

# **Recommendation**

- 1. That Members approve the attached 2025/26 draft budget, subject to any amendments agreed at this meeting.

# SUGGESTIONS FOR A DRAFT RESPONSE TO PLANNING APPLICATION P242783/O – LIDL DEVELOPMENT – meeting held 28 January 2025

Things to be considered when looking at this:

- Access
- Vehicle Movements
- Need/requirement for additional convenience and comparison retail
- The landscaping and layout
- Proposed blandishments in terms of nursery and medical centre
- Connectivity/sustainable links
- Sequential testing in terms of the location
- Probably worth requesting that the local authority have an independent retail impact assessment as all that is currently available is what Lidl are saying and we are not really qualified to critique it in detail, there are some points that LTC can raise in relation to the retail needs assessment undertaken in 2022

It was noted that most of the support on the portal was in favour of the development.

# Retail needs assessment

There are some points that could be considered in relation to this report.

- Aldi across the county is overtrading this means that when they submit a planning application they provide details of their anticipated trading levels – in terms of this being a popular offer, people are clearly in favour of the cheap food model that Aldi provide
- There is currently only 1 Lidl store in Hereford, which is over trading at about 120% there is another being developed in Belmont on old Three Counties site, therefore no trading figures for that
- Aldi store in Ledbury is significantly over trading
- However they do take trade from other supermarkets in town centre and the middle aisle does compete with other businesses in the town
- The needs assessment carried out by Herefordshire Council in 2022 states that as far as comparison goods are concerned over the last 10 years (2012-2022) Ledbury has had a drop (page no. 50 table 7.3)

Overall as council need to raise questions and areas of potential concern. There is a trend in the evidence-based document that in the last 10 years as a consequence of Aldi coming in and a change in peoples shopping habits, there has been a downturn in the overall turnover of comparison goods business and also the convenience businesses, then footfall for the town centre matters. It makes the town feel busy and vibrant and lived in and people going to the local coffee shops and cafes do go to other shops in the town, it is not entirely reliant on tourist trade. Need to recognise that we have a fantastic High Street and be mindful of the impact that it has, as well as the impact on out-of-town supermarkets.

Tesco doesn't have a problem however Co-op are under trading significantly, but lots of people park in Co-op and walk into town. They are a vital part of the town centre. People who go to Aldi don't tend to walk or drive into the town centre from there and the likelihood would be that they wouldn't do it from Lidl either. The general point about linked trips would be a concern that this site would not be one to drive or encourage linked trips.

- It was also felt to be significant to note that Aldi made a significant contribution to enhancement of the public realm in the town centre which was spent on St Katherine's Square
- Ledbury comparison goods market share has dropped by 5% over last 10-years as opposed to other town centres in the county we are going in the wrong direction worrying statistic and it will in part be as a result of the reduced footfall in the town centre
- Underneath that there are ups and downs in relation to overall comparison goods – clothing and footwear Ledbury is up, books and CD's dangerously down (21% drop) – this could be as a result of Tesco's no longer selling these items, Small household goods market up by 3% (Ross up by 33%), Chemist goods market down 24%.

Across the board generally there are some big drops, much of this is due to a change in shopping habits. However, in terms of preserving the town centre a further middle aisle is a matter of concern and need to flag that across the board there is retail evidence that Ledbury has had a drop and that this is significant in some segments of the market and this is of concern, in the context that this is another cheap goods provider.

As far as the food stuff is concerned (Page 62) there is a quantitative need for convenience store floor space in Herefordshire by Settlement and Ledbury is sandwich in the middle of the table. Basically it is saying the minimum that we could take as of now is 700 sqm and the maximum of 1100 sqm, but in 2041 it is only a further 200 sqm that is identified as being needed. The application is looking at taking the absolute maximum that we could take now and even so 200 sqm more than the lowest assessment in 2041. Basically looking to soak up any scope for growth in retail and convenience with the store now.

In terms of the pace of growth, there is a question to ask whether it is needed now, or would this be preferred 10-years down the line when the town is built out a bit more and the local income has grown as a consequence of people coming to Ledbury. However, against that we have the fact that Aldi is overtrading at the moment and there is legitimately some scope of overtrading at Tesco's to slide Lidl's way and that would be as a consequence of providing more choice.

Need to recognise that there is scope in the existing market for people to change where they choose to shop and for it not to be damaging to those two stores, but that it would be quite damaging to the Co-op, which is a valid point

to make as there is concern for the impact on the town centre were Co-op to be significantly affected by the development coming forward.

It is fair for council to acknowledge that there seems to be scope for trade to slide within the exiting provider market.

It was recognised that this application is not just about the additional of a Lidl store, that the Nursery and Medical Centre were secondary to this development. It was noted that some of the people in support of the application were in favour of the additional offerings and not so concerned about the additional food store.

Concerns were raised about the provision of a second GP practice being located on this site, recognising that the edge of the town is not the right place for this, and it was not supported by the NDP.

It was noted that conversations had previously occurred in respect of a joint blue light site out of the town.

- Recognised that there is no other sequential testing point of view to look at.
- Should be seeking mitigation and making a case for a significant sum from Lidl for Public Realm enhancements in the town centre to off-set the inevitable effect in town centre shopping that their store would bring. There is a precedence here with Aldi.
- There are likely to be significant vehicle movements as a result of the overtrading of Lidl in the county, also at peak travel times to drop off and pick up at the Nursery and for the health centre were it to happen. The increased vehicle movements in relation to Lidl are significant enough to raise due to the site location.
- Can raise concerns about access and increased vehicle movements as a consequence of that
- Landscaping creating some kind of barrier between the store and the residential houses on the Barratts development for noise from delivery bays and air conditioning systems.
- Raise queries about sight lines and visibility in the proximity of the blind summit re vehicle movements as a result of possible over-trading.
- Need to establish the length of the hedgerow to be removed to provide visibility in both directions
- People are more likely to drive to the store from the adjacent estate appears to be no pedestrian entrance consider foot and cycle access- Active travel
- Should be access directly into the housing development from the site
- Consider limitations on timings of deliveries and noise pollution
- Lighting and light pollution
- NDP refers to keeping health care facilities in the town centre

Need to understand that can only consider the application that is in front of Council.

Summary of points to be included in the final response:

- Want S106 investment in the public realm similar to that of Aldi
- Don't' support health care provision at an out-of-town site it doesn't make sense for a health care centre out of town at this location – current practice would prefer to grow in the town centre – important that medical facilities remain in town centre
- Railway nursery has closed and there is a shortfall of provision in the county of nursery spaces convenient to have next to residential site
- Sustainable transport links are inadequate
- Cllr Harvey to provide stats for retail needs assessment
- No suitable site closer to town centre to consider
- Possible sequential testing on Co-op site
- Request independent Retail Impact Assessment

Notes to be provided to full council at its meeting on 13 February, with a view to response being provided to planners on 14 February 2025 as per extension provided.
