## About our Neighbourhood Development Plan

We are revising our Neighbourhood Development Plan to ensure future growth is in the community's interests.

Ledbury has a Neighbourhood Development Plan, but we need to strengthen it to include a settlement boundary and to update existing policies. We need to sustainably manage Ledbury's growth by stating what kind of growth we want, and we need to protect and enhance existing natural and built resources whilst making space for new developments.

Following the public consultation in 2021 on ideas for the revision, a draft new NDP has now been produced. We will be consulting local people about this revised plan in the Winter/Spring of 2022 at what is called the 'Reg 14' stage. Watch out for the publication of the dates of the 6-week consultation period and how you can participate from January onwards.
