

The Officer-in-Charge
Ledbury Police Station

SPEEDING IN SOUTHEND AND BIDDULPH WAY

Dear Sir/Madam,

The Temporary 20 mph speed limit in Ledbury has been in place for some weeks now and there are plenty of signs, yet the limit is largely ignored with vehicles speeding on average (in my view) between 30 – 40 mph and quite a few approaching 50 mph. I would suggest less than 5% are observing the limit and I am being “tailgated” when trying to keep to the limit. All this appears to be going on unchecked.

As a pedestrian using the narrow paths in the Southend and having to step into the road to “Safe Distance”, is quite a daunting experience.

I can appreciate that you are all very busy, but the purpose of this letter is to bring this selfish, deliberate, action by the majority, to your attention. There is absolutely no excuse for speeding in Biddulph Way with its bends and parked cars. At the very least it is reckless and in my view, totally unacceptable.
